A Grants Specialist at \$65,000 per year. The current grant specialist is a federal employee, who will no longer be performing the grants management function after the federal fiscal year. This position manages \$19 million in PS and \$39 million in E&E funds in contract services grants. This position is vital to ensure financial integrity and viability, and foster accountability and transparency. An Auditor at \$85,000 per year. Section 41.160 RSMo (12) states “The adjutant general shall direct the inspector general of state headquarters to conduct an annual inspection of the state militia fiscal and property account.” The Inspector General is not legally allowed to conduct an inspection of state funds. An Internal Auditor position is needed to comply with the directive of the state statute. The Missouri National Guard receives and utilizes state and federal funding; it is critical that the newly formed department establishes a financial accountability foundation, to ensure compliance with state and federal funding requirements. A Staff Development Training Specialist at \$80,000 per year. The Missouri National Guard is experiencing staffing challenges to accomplish existing Financial, Budget, Accounting, and Human Resource job functions while also fulfilling the responsibilities expected of our agency for the Missouri Vital Enterprises Resource System (MOVERS) project. While OA received funding for this project and have been posting jobs specific to the MOVERS project, agencies were not given funding and the Missouri National Guard is struggling to be successful with our limited resources both in day-to-day operations and the tasks expected with the MOVERS project. We are seeking one FTE, this position will be assigned to the financial, human resources and procurement phase implementation of the MOVERS project.

The Missouri National Guard is statutorily tasked with responding to domestic threats and emergencies in the State of Missouri.														
Pursuant to Section 41.160 RSMo, part of the Adjutant General's duties includes the “supervision of all matters pertaining to the administration, discipline, mobilization, organization and training of the organized militia of the state.”														
Thus, in times of crisis, the Missouri National Guard needs a skilled senior public relations specialist that is equipped and able to communicate with internal leadership, elected officials, the citizens of the state, and the media. This specialist will act as a key liaison and communications strategist, that will help keep external stakeholders informed on programs/initiatives, crises, and departmental developments.														
Hiring a senior public relations specialist can help the Missouri National Guard increase public awareness of programs and initiatives across communities, and effectively engage with external stakeholders during domestic threats and emergencies.

This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.

Veterans Recognition Program, Section 8.515

Page 44

This law authorized by RSMo 42.170-42.222, recognizes WWII veterans, Korean Conflict veterans, and Vietnam War veterans for their patriotic military service to our State and Nation. Any Missouri veteran's spouse or the eldest living survivor of a deceased veteran who meets qualifications for war recognition may apply for a medallion, medal and a certificate. SB 600 (2014) broadened eligibility to Missouri National Guard veterans regardless of residency. This act created two new medallion programs, "Operation Iraqi Freedom and Operation New Dawn" and the "Operation Desert Shield and Operation Desert Storm" which authorizes the issuance of a military medallion, medal and certificate of appreciation to any veteran who served.

Field Support, Section 8.520

Page 49

The OT AG/MONG Field Support Program supports the operations and maintenance of the Missouri National Guard readiness centers and associated grounds. The MONG operates 59 readiness centers in 54 locations; the average age of these facilities is in excess of 43 years with 56% being over 40 years of age. These military facilities are state-owned and require recurring funding to support readiness center operations, utilities, building, grounds maintenance and custodial requirements. Adequate Field Support program funding is critical to ensure members of the Missouri National Guard have adequate facilities to conduct daily operations, training, store, and maintain associated military equipment. These facilities are also utilized during state emergency duty as operational staging areas, warming shelters, and distribution points for local communities. The facilities are also utilized by the Highway Patrol as driver testing sites. Failure to provide adequate operational support will ultimately result in a loss of federal funding and resources. The Missouri National Guard operates several training sites across Missouri, including the Ike Skelton Training Site (ISTS) which houses the Office of the Adjutant General, SEMA and MIAC and is located 8 miles east of Jefferson City. Approximately 600 FTE are stationed at ISTS and Camp Clark training sites where military and general public employee training is conducted. The Missouri National Guard is requesting \$258,546 to perform software upgrades to its current stock of MONG owned Missouri Statewide Interoperability Network (MOSWIN) radios. Upgrading the current stock of APX8000/8500 radios will provide MONG with the level of encryption that is currently in use by many federal and state partners. It is essential that MONG is able to communicate with both federal and state partners during emergency response. MONG currently has 237 radios, and all need their encryption level updated. Radios will be located at Armories, Major Senior Commands, and Select Units, such as the Civil Support Team and Homeland Response Force, for operational use as part of the MONG Signal Operations Plan. A stock of radios will be maintained at the Ike Skelton Training Site, Jefferson City Blue Armory, and Fort Leonard Wood as part of the Emergency Communications (ECOMS) and Continuity of Operations (COOP) plan.

After a federal program audit was completed of the Ike Skelton Training Site mailroom, the report recommended hiring two additional staff members to address identified deficiencies and improve the efficiency of the program's operations. Spending authority for federal dollars is requested for a Program Specialist at \$50,000 with \$33,654 in fringe benefits per year and Administrative Support Assistant at \$40,000 plus \$29,927 in fringe benefits per year. By investing in a program specialist for the mailroom, MONG can improve its mailroom operations, increase efficiency, and support the delivery of essential documents and communications to its staff and stakeholders. The efficient handling of mail contributes to the timely dissemination of information; this is essential for stakeholders to be able to meet deadlines, communicate with relevant partners, and receive time-sensitive information.

The FY 2026 budget includes appropriation authority for a time of service adjustment plan for full-time state employees. This would provide a 1% salary increase for every two years of continuous state service and would cap out at 10% for 20 years of service. This excludes job classes with statutorily-set salaries, the Departments of Transportation and Conservation, and certain job classes within the Missouri State Highway Patrol, who have existing time of service pay structures. State employees working in 24/7 facilities that already have this time of service pay plan will get a one percent cost of living adjustment.
